Anticipated Breaking up of the Alliance.

The difficulties which the two branches of the hunker fusion party of this State, are to encounter in the coming campaign, are being rapidly foreshadowed in the different organs of the coalition. Some recent demonstrations of the three Straight Whig papers, looking to a National Convention in Louisville, Kentucky, for the nomination of Mr. Fillmore for the Presidency, have aroused the ire of the Bangor Democrat, and brought out a pronunciamento in that paper against the continuance of any alliance, under such circumstances. At the close of a long article on this subject in which the Straight Whig party is represented as having hitherto acted harmoniously with the hunker democracy in this State, the Democrat asks:

How is the apparent difference between the nominal position of the Straight Whig papers and that of their party to be reconciled? Do the papers speak for their party or only for themselves? Are they in favor of Millard Fillmore, a know nothing, for next President? Has a new policy been struck out by the party, such as its organs have indicated?

It is certain that the democratic organization will be maintained, that its principles will not be changed, and that it will never have a know nothing for a Presidential candidate. There can no more be a separate organization, within a party organization, than a state within a state. How can those whose principles, purposes, preferences and sympathies are unlike and the antipodes of each other, and who have two separate organizations, and support different men for the same office, be associated and act together on the same party ?

How can they, indeed? The Straitouts must go into the ranks of the sham democracy or they will be cut adrift to shift for themselves.

And what kind of a show will these professed *anti-Nebraska* Straitouts make, with a candidate nominated in a slave State, by slaveholding politicians, and in conjunction with pro-slavery Know Nothings? Tell it not in Gath, —that the Straitout organs are now looking to a union with the pro-slavery branch of that same "intolerant, narrow-minded, dark lantern oligarchy," with which they were so horror-struck last year. *Anti-slavery* know-nothingism is still the same hideous monster with the —but *pro-slavery* know-nothingism is apparently about to be taken to their embraces. What say the "adopted citizens" to this new know nothing ...ove of their quondam friends, the Straitout organs? We can tell them as we did last year, that the Straitout organs have no objection whatever to know-nothingism, if it can only be made subservient to *their* political or personal advancement.

THE CONSTITUTIONAL AMENDMENTS. The majority of the committee on the amendments of the Constitution has made a report of which the Age says, it assumes that the Legislature is the only authorized tribunal under the Constitution to determine what other amendments submitted to the people have been adopted. The Age also says:

The Committee express the opinion that the power of the Governor and Council, under the appointment system of the old Constitution, remains unchanged and unimpaired until the new elective system is inaugurated by elections effected agreeably to the provisions of the amended Constitution.

The committee, while they animadvert upon the failure of many towns to vote on the questions, in consequence of not being supplied with blanks, or from other causes, and comment upon sundry irregularities in the mode of voting upon the questions submitted, nevertheless declare the several elective amendments adopted, and accompany their report with a resolve declaratory of that fact; and affirming further, that until the offices named in the amendments shall have been filled by elections, under and by virtue of said amendments, the power of the Governor and Council in relation thereto will remain unchanged.

The minority of the committee, comprising the opposition members, have also submitted a report, differing from that of the majority. It is to be printed.

THE DIVORCE BUSINESS IN CALIFORNIA is remarkably brisk for a young State. The following is a Court report for a single week, as taken from a San Francisco paper:

Before Judge Hager—In the case of Rudy Al Young vs. Wm. C. Young, a decree of divorce was granted.

Same order in Pauline Foubert vs. Eugene Foubert.

Same order in Elizabeth J. McLaughlin vs. Moses McLaughlin.

Same order in Hannah E. Farrington vs. George Farrington.

Same order in Susan L. Nelson vs. William F. Nelson.

In Edie Gessel vs. Ant. F. Gessel, the decree was denied, for want of sufficient proof to sustain the action.

The editor says that after all it is not so easy a thing to get divorced in California, as might be supposed from the above; for one half of the applications are denied.

A petition is now in circulation among the citizens of Maryland, in favor of the suppression of the nunneries which at present exist in that State. They are termed private prisons, into which girls and men are decoyed, and there confined without any protection from the laws under the present system.

SUPREME COURT. But little business has been done since Saturday, on account of the storm, and the blocking snow which prevented the attendance of some of the jurymen and witnesses, until yesterday.

On Tuesday, Margaret Pic was convicted of adultery.

On Wednesday the County Attorney entered a nol. pros. in the case of Samuel Staples, indicted for adultery.

The case of State vs. John Thomas, for assault upon Moses L. Averill, was resumed on Wednesday afternoon, and given to the jury about 5 o'clock. In about an hour a verdict of guilty was returned.

McKenney one of the defendants in the case, not appearing, he was defaulted on his bail.

The next case put upon trial was an indictment against the city of Bangor, for an alleged defect in a bridge (at Drummond's Hill, we believe,) whereby a boy named Ernest Klein was drowned in the summer of 1853. The statute provides in such cases, that if the indictment is sustained, damages may be recovered not exceeding, we think, $2000.

A SHORT OPERATION. Yesterday a well known character, named Charles Rose, helped himself to a horse and sleigh belonging to N. H. Allen, Esq., of Orono, which had been left standing near City Point, and made off with it. Officers Walker and Higgins were soon after him, however, and after some doubling and twisting caught the gentleman on the upper part of State Street. Rose, who is a desperate fellow, made fight, but he was handled into the bottom of a sleigh and persuaded to lay quiet by holding him down. He was then lodged in jail at short notice. In the present state of the traveling we should call it rather a courageous operation to attempt to run off with a horse and sleigh.

PENOBSCOT LOG DRIVING COMPANY.—At the annual meeting of the Penobscot Log Driving Company, the following officers were elected for the ensuing year:

Directors.—A. M. Roberts, Hastings Strickland, Aaron Babb, E. G. Rawson, James Thissell.

Clerk and Treasurer.—Geo. E. Smith.

QUICK TIME. A message was sent from this city yesterday, by telegraph, to New York, which was repeated at Boston, delivered at a store in Nassau St. New York, and an answer returned to this city and delivered, all in the space of an hour and a half. This time is not often beaten.

[No mail from beyond Portland last night.—There are now three western mails behind. The train which left Portland for Boston on Tuesday morning, was sticking in the drift near Berwick, on Wednesday. The snowblow into the track as fast as cleared. We had no country mail till Wednesday night. The roads have not been so badly blocked for eighteen years, as our Street Commissioner says.

The funeral of Mr. Alvin C. Kittredge will be attended by the members of Kenduskeag Lodge, I. O. of O. F. from their Hall this afternoon, at 2 o'clock.

P. & K. R. R. Co. vs. John M. Wood.—We learn from The Portland Advertiser that the suit of this Company against John M. Wood, of Portland, commenced in June, A. D., 1854, on a claim of two hundred thousand dollars, with an attachment of property, has been withdrawn and the attachment dissolved—the matter having been amicably settled between the parties. The Advertiser says:

"Mr. Wood has contributed fifty thousand dollars to its stock, and paid the amount in cash, the suit having been withdrawn, the old subscription cancelled and the stockholders dissolved."

INTERESTING TO BUSINESS MEN.—The case of Horace Billings vs. Edward Russell & Co., has been upon trial during the past week in the Supreme Court, and has excited considerable interest in the business circles. It was an action brought against the well known Mercantile Agency of this city, Edward Russell & Co., for publishing a false account of the condition and property of Horace Billings, of Bridgton, &c. He was reported from information received by the correspondents of the Mercantile Agency as being in doubtful circumstances, and as having disposed of his property.

The Court (Judge Lewis) instructed the jury that if Messrs. Russell & Co. were employed by their subscribers to collect information as to the credit and property of their customers or persons with whom they are about to transact business and if they used proper care and diligence in collecting information, and in good faith communicated it to their subscribers for their information as a matter of business, then they were not responsible if it should appear that the information was erroneous, unless it was proved that the communication was malicious. Verdict for the defendants.—*Boston Transcript.*

THE LAVA STREAM OF KILAUEA.—Recent Sandwich Island intelligence says:

The inhabitants of the thriving town of Hilo are in great apprehension lest the stream of lava from the recent eruption should overwhelm them. A correspondent writes that the lava, approaching Hilo progresses like that issuing from Vesuvius under similar circumstances—that is to say, a wall of cooled lava is formed at the ends and sides of the stream, which on moderate slopes remains for some time stationary, or nearly so, and when the pressure arising from the flow of molten lava behind it becomes too great, the wall is burst, and the lava runs out like the molten iron from a furnace when it is drawn. This being exposed to the atmosphere soon cools, and in a little time by the operation being repeated, another wall of cooled lava is formed as before. The writer advises to tap the sidewalls of the stream, so as to divert it from its course on the town of Hilo.

COATING SHEET IRON WITH VARNISH.—Messrs. Morewood and Rogers, of Enfield, England, have taken out a patent for covering sheet iron with a varnish, so as to protect it in a superior manner from the action of the atmosphere. They first take clean sheet iron plates and dip them in a solution of the chloride of tin, by which they become covered with a thin scale of tin. They are then washed well in warm water, and dipped into a melted composition of two-thirds resin and one-third tallow, heated to 280 deg. Fah. They are then allowed to dry, and afterwards dipped in a hot solution composed of three-quarters of a pound of shellac and one-fourth of a pound of resin dissolved in two gallons of alcohol. Any quantity may be made from these proportions. They are then taken out and dried in an oven. Common tin plates for roofing exposed to sea winds, where tin is liable to rust, if coated as described, will stand exposure to the weather well.

Hon. S. Merrill, of Surry, Me. Boston for Maryland, before reported as drowned in the storm, had been surveyed previous to sailing, and pronounced sound and seaworthy.

Supreme Court.—Mr. Douglas, on his own request was excused from serving on the Committee on Foreign Relations.

Mr. Mason stated that the engraved maps of Central America are nearly all of British origin therefore, in view of conducting questions between this government and England the Committee on Foreign Relations consider it extremely important that a correct map be procured for diffusion throughout the Union. On motion, 10,000 copies of the map of Central America prepared by the U. S. Coast Survey were ordered printed.

Mr. Weller reported a bill for the relief of the officers and soldiers of the U. S. army who sustained losses by the disaster to the steamship San Francisco.

Mr. Hamlin reported a bill to establish the collection districts of the U. S. and designating the ports of entry and delivery.

A brief discussion on the Central American question ensued—Messrs. Butler, Crittenden and Mason taking part in it. The question was made the special order for Tuesday.

The resolution calling for a copy of the journal of the Naval Retiring Board was adopted.

House. Introduction of bills—by Mr. Mace, to repeal the act to promote the efficiency of the Navy, by Mr. Cobb of Ala., to extend the time for the payment of duties on railroad iron, by Mr. Mace, *to prevent the extension of slavery in the Territories of the United States*, &c. Mr. Mace moved its reference to the Committee on Territories.

Mr. McMullen. "Has the gentleman given previous notice of his intention to introduce the bill?"

Mr. Mace. "If the gentleman will examine the journal, he will ascertain."

Mr. McMullen. "I propounded a respectful question, and I think it entitled to respectful answer."

The Speaker. "The gentleman has given notice. His motion is in order."

Mr. Smith of Va. appealed from the decision of the chair, and was supported in that by Messrs. Hinston, Jones of Tenn. and Craige.

Pending which the House resumed the consideration of the resolution from the Committee on Elections asking power to send to Kansas for persons and papers in the contested election case.

The House refused, by two majority, to table it.

The resolution was passed by that majority.

A motion to reconsider was then adopted by a majority, and on motion of Mr. Orr the resolution for power to send for persons and papers was referred back to the committee, with instructions to report the grounds on which the request was made, and also to consider the propriety of the opinion of Mr. Dunn to appoint Joseph H Bradley and Sidney Baxter, of Washington, commissioners to take depositions and report with full power to procure information with the view of eliciting the truth on the contested matters suggested by Messrs. Reed and Wilson.

Mr. Orr said that when the committee report to the House can select either of the propositions. The committees on Elections and Military Affairs were each authorized to employ a clerk during the recess.

The election of chaplain was indefinitely postponed by a majority, with the understanding that all the nominees be the same for the meantime to officiate alternately.

THE DIFFICULTIES WITH ENGLAND.

New York, 20th.

A correspondent of the New York Times writes from Washington that the final stand which Great Britain has taken upon her construction of the Clayton-Bulwer treaty (and simultaneously our Cabinet to take into serious consideration the means by which it may uphold the construction which they have heretofore put forth in this. The reason to believe that two plans, neither of them necessarily leading to war, now occupy their attention. The first is to annul the treaty—the proposition offered on the Senate by Mr Wilson. The second is to form an alliance offensive and defensive with Nicaragua, without abrogating the treaty of 1850.

AMERICAN CONVENTION.

PHILADELPHIA, Feb. 21.

Hon. Mr. Bartlett, of New York, arrived to-day, and took the chair, about 11 o'clock, the Vice-President having presided up to the time of his arrival. A. C. Brewster, of Mass., offered the following resolution:

"Whereas the twelfth section of the platform by the American Council in June, 1855, was neither proposed by the South nor sanctioned by the North, therefore said section is hereby stricken out."

A. B. Ely, of Mass., offered as an amendment, that after the words stricken out the following should be added. "and the [illegible] reserve the subject of slavery where it stands by the principles and provisions of the Constitution of the U. S., yielding to more and claiming no more."

The National Council are now engaged in the discussion of the resolution for expunging the 12th section of the N. N. platform. No action has yet been had upon it.

LEGISLATURE OF MAINE.

SATURDAY, Feb. 16.

SENATE.—Mr. Ayer, from the Committee on the Militia, made report, directing the Adjutant General to make up the pay rolls of the troops called into service in June last by order of the Governor, and report the same to the Legislature. Accepted.

On motion of Mr. Heagan, the order in reference to the expediency of investigating the affairs of certain banks was taken from the table. Mr. H. moved to amend the order by inserting the Commerce, Brunswick, New Castle, Orono and Richmond Banks.

Mr. Butler was opposed to the passage of the order either in the form in which it came from the House, or as proposed to be amended by the Senator from Waldo. The banks mentioned in the order, or some of them at least, were as well managed, and in as good standing as any in the State. Among these he would particularly mention the banks of Skowhegan and Somerset, which so far as he understood the views of the business community, were as sound as any banks in Maine. The Bank Commissioners have reported favorably upon the condition of these banks, and he thought that no good could result from the investigation proposed.

Mr. Shepard could see no objection to the passage of the order. Banks should not shrink from any investigation of their condition.

Mr. Barnes doubted the propriety of giving such orders a passage, unless it can be done in a manner which shall have some significance and effect. It is a noticeable fact in the history of Maine, that whenever an attempt is made to investigate the affairs of any moneyed institution, there is always some one to interpose an objection. He had never known it to be otherwise than that somebody would oppose the inquiry directly, or seek to turn it aside, or enlarge it in such a manner as to make it less pointed than it was designed.

He knew nothing whatever about the origin of the order; it had been presented in the House by some member unknown to him; it contemplated an investigation into the affairs of two or three banks, one of which had been discredited in its circulation during the past year. Why object to it, or seek to weaken its force and "spread it out thin."

Mr. Heagan did not shun an investigation. He would go as far in that direction as the Senator from Cumberland. The original order in the House had included the Searsport Bank. The friends of that bank felt a little sensitive that it should be selected in this way, when other banks, precisely in the same condition, had not been named at in the order.

Mr. Hayden remarked that the Senator from Waldo, in proposing to include other banks in the investigation, had assumed that the original order was moved in the House on account of certain revelations made in the report of the Bank Commissioners, in regard to the Directors being liable for a larger amount as "securities" than the law allowed. This he thought was a mistake, and he could see no good reason for inferring that such a reason prompted the original order.

Mr. Barnes would inquire of the Senator from Waldo his reasons and grounds for proposing an investigation into the affairs of those banks which he included in his amendment.

Mr. Heagan had suggested these banks upon the belief that the order in the House had been suggested by the facts contained in the report of the Bank Commissioner, but he was perfectly willing that the amendment should be rejected.

Mr. Goodwin was not satisfied that the order should be passed at all. No statement of facts has been given to the Senate why, an investigation should be made, and until some good reason is given, it is not fair to the banks to take this action. It directs suspicion towards them, and casts an imputation in advance, which must be prejudicial to their interests.

Mr. Barnes was tired of this never-ending "hush" policy. He wished that *all* banks should stand up at *all* times ready for investigation. No injustice could be done, for whenever a bank should stand the scrutiny of an honest investigation, it would be the more firmly established in public confidence.

The amendment offered by the Senator from Waldo, was rejected.

The discussion on the original order was further continued by Messrs. Butler, Goodwin and Thompson, against it, and Messrs. Barnes and Hayden, in favor of it.

Mr. Goodwin offered the following substitute which was rejected:

Ordered, That the Committee on Banks and Banking be directed to examine and report whether any Bank in this State has been conducting for the last year its business in violation of its charter or the laws of the State; and if so, what Banks, and the facts in relation to the case or cases.

The order as it came from the House, was then adopted.

Passed to be engrossed—An act to incorporate the Corinthian Royal Arch Chapter; to authorize James Miller to extend and maintain a wharf in tide waters in Belfast; Resolve authorizing the Land Agent to sell the lot reserved for the future disposition of the Legislature, in Plantation No. 14, E. D. in the county of Washington; an act to authorize an increase of pay to the Register of Probate in Penobscot county.

HOUSE.—Mr. Cutler of Bangor, from the Committee on State Lands, reported a resolve in favor of the town of Clifton, which was read and assigned.

Bill to incorporate Foxcroft Manufacturing Co., was read a third time, and laid on the table.

Resolve in relation to the settlement of the account of the Land Agent, ($900 over-expenditure on Mattawamkeag Bridge,) was read a second time, and on motion of Mr. Levensaler laid on the table.

Bill from the Senate read and assigned—Increasing pay of Register of Probate in Penobscot Co. to $800.

Passed to be engrossed—Bills extending the time for filing the location of the Kennebec, Penobscot & Lincoln R. R.; authorizing the construction of certain bridges on the Kenduskeag river in Bangor; to revive the charter of the European and North American Railway Co.

MONDAY, Feb. 18.

SENATE.—Mr. Farley moved to reconsider the vote passing the order in relation to the investigation of the condition of certain Banks.

Mr. F. said that he was not confident that the investigation would amount to anything. If there was to be any investigation, he wanted it to be general.

Mr. F. then went on to attack the report of the late Bank Commissioners, in a partizan style.]

Further remarks were made by Mr. Thompson in favor of reconsideration, and by Mr. Barnes against it.

The vote was not reconsidered.

On motion of Mr. Hayden, the Senate proceeded to the reconsideration of the resolves reported by the committee on Revision of the constitutional amendments. The resolves were once read and to-morrow assigned for a second reading.

HOUSE.—Mr. Emerson of Oxford, from the Committee on Constitutional Amendments, presented the report of the minority of that committee, which was read, and on his motion laid on the table, and two thousand copies ordered to be printed.

On motion of Mr. Levensaler of Thomaston, *Ordered*, That the Trustees of the State Reform School be instructed to lay upon the table of the Speaker of this House, for the information of the Legislature, an accurate detailed statement of the receipts and expenditures of the institution from the 30th day of November, 1854, to and including the 31st day of December, 1855, the detailed account of expenditures to be as full in stating particulars as the inventory of stock on hand, April 1st, 1856, contained in the last report of the superintendent.

That said trustees be further instructed to lay on the table of the Speaker a copy of all the bye laws, rules and regulations of said institution now in force, the names and duties of all the officers of said institution, and the compensation paid to each, (including the trustees,) during said eleven months, ending December 31st, 1855. And also what punishment (if any) has been or can be inflicted upon any of its inmates the officers of the institution, according to the rules, regulations and bye laws of said school.

Passed to be engrossed.—Bill authorizing increase of salary of Register of Probate, Penobscot county.

AN EXECUTION IN BUCKS COUNTY.—Jacob Armbruster is doomed to execution on Friday next, at Doylestown, Bucks county, for the murder of his wife. The Doylestown Democrat says the gallows has been tried and *works to perfection!* Gov. Pollock has refused to pardon him, and, on Monday, when the Sheriff announced the fact to the wretched criminal—

He at once broke out into a violent fit of passion, pacing the length of his chain in a fury of excitement, and making use of the most blasphemous expressions—he dared and defied the Sheriff to even attempt hanging him, and gave vent to the most intemperate abuse of all those connected with his trial and conviction. His wild and haggard expression of feature, storming bravado and impetuous denunciation of witnesses, jurymen, and officers of the Court, aided in giving to the dismal scene in his solitary cell an air of maddened desperation and demon-like insanity. He closed the door repeatedly; and at every effort made to read the letter to him he interrupted it by a renewed volly of oaths and invectives. He is certainly more stubborn and dogged by far than he was before since his incarceration; and this increases as the terrible denouement of the tragedy is hurrying to a close. There is no reason whatever to hope for his repentence or of any confession of the crime which, on Friday next, will be expiated on the gallows; but that, on the contrary, he will resist the officers, and fight it out until his death. Armbruster's two sons had an interview with him yesterday afternoon, in the presence of Deputy Sheriff Ely; but neither party seemed to be much affected at the separation which will so soon take place. They talked upon other matters than his approaching death; and at times the old man laughed and seemed quite cheerful. At parting they did not shake hands or bid each other farewell. They decline receiving the body after execution, and the Sheriff will therefore bury him upon the county property.

A Calais correspondent says:—"When our river opens, we shall want at least fifty coasters to take what lumber remained on our wharves through the winter."

The young son of Mr. Edward Wright, of Aberdeen, Mississippi, had the misfortune to be afflicted with a most malignant disease of the skin, which rendered the child's life one of misery and suffering. As the mother had tried every remedy likely to benefit him without receiving the desired result, she became ultimately worn out with trouble and anxiety in the matter, and was lamenting the same to a friend, who recommended Holloway's Ointment and Pills, which the mother commenced using, and by persevering with the same for six weeks, the child was completely cured.

Congressional News.

WASHINGTON, Feb. 20.

SENATE. Mr Douglas, on his own request, was excused from serving on the Com. on Foreign Relations.

Mr Mason stated that the existing maps of Central America are nearly all of British origin; therefore, in view of conflicting opinions between this government and England, the Com. on Foreign Relations consider it eminently important that a correct map be procured, for diffusion throughout the Union. On motion, 10,000 copies of the map of Central America prepared by the U. S. Coast Survey, were ordered printed.

Mr Weller reported a bill for the relief of the officers and soldiers of the U. S. army who sustained losses by the disaster to the steamship San Francisco.

Mr Hamlin reported a bill to establish the collection districts of the U. S. and designating the ports of entry and delivery.

A brief discussion on the Central American question ensued—Messrs Butler, Crittenden and Mason taking part in it. The question was made the special order for Tuesday.

The resolution calling for a copy of the journal of the Naval Retiring Board was adopted.

HOUSE. Introduction of bills—by Mr Mace, to repeal the act to promote the efficiency of the Navy. By Mr Cobb of Ala. to extend the time for the payment of duties on railroad iron; by Mr Mace, *to prevent the extension of slavery in the Territories of the United States north of 36* 30. Mr Mace moved its reference to the Com. on Territories.

Mr McMullen. "Has the gentleman given previous notice of his intention to introduce the bill?"

Mr Mace. "If the gentleman will examine the journal, he will ascertain."

Mr McMullen. "I propounded a respectful question, and I think it entitled to a respectful answer."

The Speaker. "The gentleman has given notice. His motion is in order."

Mr Smith of Va. appealed from the decision of the chair, and was supported in this by Messrs Hinston, Jones of Tenn. and Craige.

Pending which, the House resumed the consideration of the resolution from the Committee on Elections asking power to send to Kansas for persons and papers in the contested election case.

The House refused, by three majority, to table it.

The resolution was passed by three majority.

A motion to reconsider was then adopted by 9 majority, and on motion of Mr. Orr the request for power to send for persons and papers was referred back to the committee, with instructions to report the grounds on which the request was made, and also to consider the proposition of Mr. Dunn to appoint Joseph H Bradley and Sidney Baxter, of Washington, commissioners to take depositions, and clothed with the power to procure information, with the view of electing the trush on all contested matters suggested by Messrs. Reeder and Whitfield.

Mr Orr said that when the committee report the House can select either of the propositions.

The committees on Elections and Military Affairs were each authorized to employ a clerk.

The election of chaplain was indefinitely postponed by 6 majority, with the understanding that all the ministers of the city be invited meantime to officiate alternately. Adj.

The Difficulties with England.

NEW YORK, 20th.

A correspondent of the Eve. Post writes from Washington that the first stand which Great Britain has taken upon her construction of the Clayton-Bulwer treaty has at once unsolved our Cabinet to take into serious consideration the means by which it may uphold the construction which they have heretofore put forth in vain. I have reason to believe that two plans, neither of them necessarily leading to war, now occupy their attention. The first is to annul the treaty—the proposition offered in the Senate by Mr Wilson. The second is to form an alliance offensive and defensive with Nicaragua, without abrogating the treaty of 1850.

American Convention.

PHILADELPHIA, Feb. 20.

Hon. Mr. Bartlett, of New York, arrived today, and took the chair about 11 o'clock, the Vice-President having presided up to the time of his arrival. A. C. Brewster, of Mass., offered the following resolution:

"Whereas the twelfth section of the platform by the American Council in June, 1855, was neither proposed by the South nor sanctioned by the North, therefore said section is hereby stricken out."

A. B. Ely, of Mass., offered an amendment, that after the words stricken out the following should be added: "And that as regards the subject of slavery we abide by the principles and provisions of the Constitution of the U. S., yielding no more and claiming no less."

The National Council are now engaged in the discussion of the resolution for expunging the 12th section of the R. N. platform. No action has yet been had upon it.

Various Items.

NEW YORK, 20th.

The retaliation bill against the North, which had been lost in the Georgia House of Representatives, has been reconsidered by a large majority, and referred to the Com. on the State of the Republic.

A despatch from New Orleans of 19th says the ship R. L. Gilchrist is on fire at the Bar. No particulars given.

The Cunard steamer Persia sailed to-day at 12 o'clock, on her first trip to Liverpool. She takes out 153 passengers, and about $702,000.

The U. S. mail steamer Geo Law, with the mails for the North and South Pacific Ocean, left this afternoon for Aspinwall. She takes out a large number of passengers for California.

SANDY HOOK, 10 P. M.

No signs of the Atlantic. Wind west, and weather calm.

CINCINNATI, 20th.

The total number of hogs packed during the present season was 466,000—an increase over last year of 49,600. The increase in weight is equal to 7½ per cent. and in the yield of lard, 2½ pounds per hog over last year.

As the Persia was going out over the Bar this forenoon she grounded in Gedney's Channel, but got off with slight damage and proceeded to sea.

BROWN'S BRONCHIAL TROCHES, or Cough Lozenges, are made from a highly esteemed receipt for the alleviation of Bronchial affections, Coughs, Hoarseness, Asthma, Irritation of the Throat, and other chronic complaints by the unusual exertion of the vocal organs in speaking or singing. Clergymen, Vocalists, Lawyers, and all PUBLIC SPEAKERS, who find them an admirable substitute for water in moistening the bronchial tubes, clearing the voice, and a valuable and efficient remedy. Sometimes no opium, they can be used as freely as agreeable. The receipt for the Troches was originally in the possession of a clergyman who had used them with success for a Bronchial affection, attended with a severe cough; they were recommended to others, who were benefited by the use of them, and were constantly requested for the same complaint, which induced the proprietor to manufacture them for sale. Since then they have been introduced throughout the United States.

Messrs. JOHN I. BROWN & SON: Gentlemen—A knowledge of the manner in which the various articles of the Materia Medica were combined by you to form the "Bronchial Troches," led me, three or four years since, to order them. The results have been such as to induce me to continue the practice, believing them of great benefit in many affections of the bronchial organs. Authors of the &c., &c., &c. J. W. P. LANE, M.D.

Thirty Years Experience of an Old Nurse.

We cheerfully comply with the request of a friend in sending the following letter, which we are assured is from a lady of the first respectability, residing in Lowell, believing that a statement of suffering may be prevented, and much valuable time saved, by calling the attention of mothers to this valuable prescription of an old and experienced nurse.

"I hear that I am happy to be able to comply to the request of Mr. Winslow's Soothing Syrup, and to the truth of what it is represented to accomplish. Having a little boy suffering greatly from teething, who could get no rest, and at night by his cries would not permit any of the family to do so, I purchased a bottle of the Soothing Syrup, in order to test the remedy, and when given to the boy according to directions, its effect upon him was like magic. He went to sleep, and all pain and nervousness disappeared. We have had no trouble with him since, and the little fellow will pass through with comfort the remaining pieces of teething. By the side aid of Mrs. Winslow's Soothing Syrup. Every mother who regards the health and life of her children should possess it.

KENNEDY'S

The Greatest of the Age!

MR KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *EVERY KIND OF HUMOUR*, from the worst Scrofula down to a common pimple He has tried it in over seven hundred cases, and never failed except in two He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston

Two bottles are warranted to cure a running sore mouth

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of blotches

Two bottles are warranted to cure the worst canker in the mouth and stomach

Three to five bottles are warranted to cure the worst cases of erysipelas.

One to two bottles are warranted to cure all humors in the eyes

Two bottles are warranted to cure running in the ears and blotches in the hair

Four to six bottles are warranted to cure corrupt and running ulcers

One bottle will cure scaly eruptions of the skin

Two to three bottles are warranted to cure the worst case of ring worm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism

Three to six bottles are warranted to cure salt-rheum.

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks so improbable to those who have not yet tried all the wonderful medicines of the day as, that a common weed, growing upon the pastures, and along old stone walls, should cure every humor in the system, yet it is now a fixed fact. If you have a humor it has to start. There are mouths upon mouths about it in the same cases but not yours. He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts He gave it to children a year old, to old people of sixty, and his son is now looking children whose case was sad and flattering, restored to a perfect state of health by one bottle

To those who are subject to sick headache, one bottle will always cure it. It gives great relief in chronic and diseases Some who have taken it have been costive for years, and have been regulated by it Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear from four days to a week—There is never a bad result from it—in the contrary, when that feeling is gone, you will feel years of like a new person. I heard some of the most extravagant encomiums of it that ever man listened to.

No change of diet ever necessary Eat the best you can get and enough of it.
